- Local Organizing Committee:** **Sung Jin Kang**, Korea University, Korea (co-chair)  
**Hyeon-seung Huh**, Yonsei University, Korea (co-chair)  
**Woo Chul Kim**, University of Seoul, Korea

APEA is organizing its *thirteenth* annual conference. Economists are invited to submit papers for presentation consideration. Empirical or theoretical papers in **all** economic fields, with or without direct relevance to the Asia-Pacific economies, are welcome.

The deadline for submitting a paper (or an extended abstract with at least 300 words) is **February 15, 2017**. Please send your submission by e-mail to <[submit@apeaweb.org](mailto:submit@apeaweb.org)>. Please include in

your submission the following information of you and all other co-authors (if any): name, e-mail address, affiliation, academic rank (or graduate student), JEL codes (economic fields of interest), and mailing address. Please also include the JEL codes of your paper. Please note that submission of more than one paper by the same author is highly discouraged, unless different papers will be presented by different co-authors. Please note that we discourage submission of more than one paper by the same person unless different papers will be presented by different co-authors. In the latter case, please specify the presenter of each of the papers submitted.

You are also most welcome to organize a session in the conference.

### **Organizing a Session**

Economists are also welcome to organize sessions in the conference. Each session will last for 2 hours, consisting of four papers (three or five papers are possible), to be presented by different authors, one chair (not necessarily the session organizer but preferably not one of the presenters or discussants), and the corresponding discussants. Please submit by **February 28, 2017** a proposal for one or two sessions to <[submit@apeaweb.org](mailto:submit@apeaweb.org)>. The proposal should provide an explanation of the theme and all papers to be presented (a draft of an extended abstract), including the e-mail and mailing addresses, affiliations, academic ranks, and phone and fax numbers of the organizer, session chair, presenters, and discussants.

### **Asia-Pacific Economic Association (APEA)**

The Association is an independent association formed by a group of economists in 2003. Its mission is

- to promote interactions among economists in the Asia-Pacific region and in other parts of the world;
- to encourage economic research in the region; and
- to disseminate economic research results.

Since the summer of 2005, the Association has been organizing annual conferences in different places to provide a forum to economists to present their research ideas and results, and to interact with economists from all over the world.
